

AMENDMENTS TO THE CLAIMS

1-18. (Canceled)

19. (Currently Amended) A recombinant ~~Fusion~~ fusion protein comprising at least (a) a scFv-part of an antibody, and (b) a cell penetrating transport peptide.

20. (Currently Amended) A recombinant ~~Fusion~~ fusion protein comprising at least (a) a scFv-part of an antibody recognising an intracellular GLI-protein, chosen from GLI-1 and GLI-3, and (b) a cell penetrating transport peptide.

21. (Currently Amended) A recombinant ~~Fusion~~ fusion protein according to claim 19, wherein the cell-penetrating transport peptide comprises at least a part of Transportan, Transportan 10 or Arg 9.

22. (Currently Amended) The recombinant ~~Fusion~~ fusion protein according to any one of claims 19 to 21, wherein the scFv-part is ~~derived~~ obtained from the human genome.

23. (Currently Amended) The recombinant ~~Fusion~~ fusion protein according to claim 19, for medical use.

24-25. (Cancelled)

26. (Currently Amended) A pharmaceutical ~~Pharmaceutical~~ composition comprising at least one recombinant fusion protein as defined in claim 19, in association with at least one pharmaceutically acceptable carrier or additive.

27. (Withdrawn) Method for obtaining a fusion protein as defined in claim 19, wherein the method comprises the steps of expressing the fusion protein and purifying the obtained fusion protein.

28. (Withdrawn) Method for treatment of a disease or health disorder in humans or animals, comprising administering a pharmaceutically acceptable dose of the fusion protein as defined in claim 19 to humans or animals.

29. (Withdrawn) The method according to claim 28, wherein the disease or health disorder is cancer.

30. (Withdrawn) The method according to claim 29, wherein the cancer is skin cancer.

31. (New) The recombinant fusion protein according to claim 19, wherein the cell-penetrating transport peptide comprises at least a part of Transportan.

32. (New) The recombinant fusion protein according to claim 19, wherein the cell-penetrating transport peptide comprises at least a part of Transportan 10.

33. (New) The recombinant fusion protein according to claim 19, wherein the cell-penetrating transport peptide comprises at least a part of Arg 9.
